Register Early. Seating is limited.

About the Speaker

Dr. Bill & Debbie Hoy have walked through the typical ups-and-downs of a three-decade long marriage. However, their experience in living through a fatal car crash two years ago “brought home” the professional training and experience Dr. Hoy has applied throughout his career. Walking

alongside the dying and bereaved for more than 35 years, William G. (Bill) Hoy is Clinical Professor of Medical Humanities at Baylor University in Waco, Texas, a post he has held since 2012. Prior to coming to Baylor, Bill was clinical director of counseling services at Pathways Volunteer Hospice for 17 years where he oversaw the agency’s extensive community bereavement program serving more than 500 adults, children, and teens every year in a multi-cultural “village” where more than 125 languages were regularly spoken. In addition to his graduate and professional training, Dr. Hoy holds the Fellow in Thanatology (FT), the highest practice credential in death, dying, and bereavement.

Dr. Hoy’s area of scholarly interest for many years has been in the role played by the body in funeral rituals and the social support such ceremonies provide to bereaved families and communities. He and his team of students at Baylor are particularly interested in the role poverty and ethnicity play in decisions made by patients and families regarding end-of-life care and funeral options. He is author of six books, three of which are still in print, and more than 125 published educational pieces, papers, and peer-reviewed journal articles.

ASU College of Nursing and Health Professions & NEA Baptist Charitable Foundation HopeCircle present:

The Billy Joe and Betty Ann Emerson Grief Seminar

Traumatic Loss and the Family: Strategies for Intervention

PRESENTED BY: WILLIAM G HOY, DMin, FT
Fowler Center, Arkansas State University
201 Olympic Drive, Jonesboro, AR 72401

Wednesday May 22, 2019
9:00 am to 3:30 pm

Program Sponsors

Emerson Funeral Home
ASU College of Nursing & Health Professions
NEA Baptist Clinic
NEABCF HopeCircle
NEA Baptist Memorial Hospital
FAMILIES, INC. Counseling Service
Arkansas Geriatric Education Center

Purpose

This workshop will overview the current thinking about the contribution of trauma to grief. Moreover, we will discover together practical ways both professionals and volunteers can be helpful—in the early hours after loss and along the difficult road ahead. Though Bill Hoy has presented about traumatic loss for most of his 35 years in practice, this topic takes on special relevance now.

Contact hours will be awarded at the completion of the conference following submission of your evaluation form.

Schedule

8:30 - 9:00	Registration/Check-In
9:00 - 10:15	Normal Grief and How Trauma Can Complicate It
10:15 - 10:30	Morning Break
10:30 - 12:00	Making Sense of Family and Community Responses to Traumatic Loss
12:00 - 1:30	Lunch (on your own)
1:30 - 3:00	Strategies for Supporting Individuals, Families and Communities after Traumatic Loss
3:00 - 3:30	Questions & Answers

Learning Objectives

At the conclusion of this workshop, participants will be able to:

1. Effectively assess the role trauma plays in the bereaved individual's experience
2. Apply an integrative approach to bereavement in unexpected death
3. Assist individuals as they sort through narratives and images in making meaning of the loss
4. Enhance skills of compassionate presence, cultural customs, and open-ended questioning in supporting family members and friends after trauma
5. Explain the impact of traumatic stress disorders (such as PTSD) on the bereavement process
6. Provide proven intervention strategies to help the patient/client/friend effectively integrate the traumatic loss into life

Who Should Attend?
